

Northport

Health & Safety Policy

1. Northport Ltd. is committed to a zero harm workplace and to achieving measurable improvement in health and safety management recognising that harm to people, property or the environment is preventable.
2. Northport Ltd. will provide education and training to ensure all staff understand and are engaged in their health, safety and environmental responsibilities.
3. Northport Ltd. is committed to complying with all applicable health and safety legislation, council planning requirements, regulations, codes of practice, guidelines and safe operating procedures.
4. Northport Ltd. recognises, supports and encourages the right of employees and their representatives to be involved in safety management and protection of the environment.
5. Northport Ltd. is committed to ensuring that there are processes available for all personnel to contribute to health and safety in the workplace.
6. Northport Ltd. will provide required treatment and offer meaningful and safe rehabilitation under the direction of ACC and medical advice if any of the staff are injured or unwell.

Health & Safety Objectives are:

1. To maintain the current focus on zero harm to all staff and contractors.
2. To ensure that all people entering the Northport Facility are appropriately briefed, understand their health and safety requirements and have the correct tools to work safely at the site.
3. To continue to focus on, support and monitor Health and Wellbeing.
4. To promote the use of error avoidance tools, raise awareness of common error traps and endorse the benefit of multiple safety mitigations.
5. To ensure operational decision making is based on consistent, regular and accurate risk assessments.
6. To continue to promote a team approach to Health and Safety amongst all Northport Ltd. and Port User personnel working at the Facility.
