Navigation & Pilotage	
Pilot ladder meets current IMO Res A.1045(27) & NZ Maritime Rule Part 53:	
List any deficiencies or restrictions that could affect safe navigation:	
Has the vessel been detained in the last 2 years, provide details:	
Has the vessel had any main engine, generator or steering failures in the last 90 days, provide details:	

Vessel is required to test all navigational, ships whistle, propulsion and steering equipment prior to Pilot boarding.

Cargo Operations	
Are there any significant risks, hazards or defects onboard that could affect the safety of cargo operations:	
Any other information:	

By completing this form, the ship's Master confirms all data provided is true & correct at the time of issue. Failure to provide the correct information or if it is issued late, the pilotage could be delayed or cancelled, with all costs to the ship's account. The Master must inform Whangarei Harbour Radio immediately of any changes or updates to the ship's navigational status.
