GM_s (m): <i>(Centre of Gravity to Metacentre (GM_s = KM - KG))</i>	1.77
GM_f (m): <i>(C of G to Metacentre corrected for Free Surface Allowance)</i>	1.44

TO BE COMPLETED BY AGENTS FOR VESSELS ARRIVING OR DEPARTING NORTHPORT ONLY:

I am the agent for the above vessel and understand that by completing this form, should this vessel fail the SUKC manual calculation, that the vessel will require a DUKC calculation run to complete the transit. If the DUKC calculation is not run the vessel will have to wait until it passes a SUKC manual calculation before the transit can commence. I understand that I will be consulted before a DUKC calculation is run by North Tugz and agree that all costs and charges are to my account for this calculation (Please see Northport's principle tariffs for the latest charges.)
